

THE "PEANUT GANG"

OUR THIRD WEEK

9 DECEMBER 2018

Our Senses are Developing...

When we were born we could only get about by feel, taste and smell. That is a good thing or we would never have found Mom. That would mean missing out on the Milk Bar! Mom has great milk. We are all over 2 lbs. thanks to Mom. We only nurse 6 times a day now.

On Wednesday as we were laying about doing puppy stuff Lucy got really excited and started moving around the whelping box. Sometimes we bump into the sides because we couldn't see them. But we could tell from Lucy's movements that she wasn't banging about. Holy smokes within the next two days all of us could see. At first it was scary looking at one another. Mom is huge - the humans are giants! As if this was not the best news for us we also started to hear noises. That is when we found out that Charlie snores. What a racket.

So other new stuff we are now doing is that we all go upstairs in the evening with Mom and lounge in our playpen. We get to watch TV. We especially like the vet shows and other animal things. It is really cool as all the big guys are in the room, including Mr. Boots. Oh yes we didn't tell you about Mr. Boots, the cat, he comes into our nursery lots. Just sits there watching us - it is kind of spooky. Each of us get a turn with the humans cuddling during TV time. We really like that, especially getting our tummies rubbed.

So until next week we hope you enjoy your visit with us...

- The Peanut Gang -

Charlie, Sally, Lucy, Snoopy & Linus

Grandma Sammy Visiting with Pups

Outside in the Basket

Outside on Bricks

Inside with Mom

- THE BOYS -

LINUS, CHARLIE & SNOOPY

LINUS

SNOOPY

CHARLIE

- THE GIRLS -

SALLY and LUCY

SALLY
